Letter of Recommendation: David Gibson Memorial Scholarship

David Gibson was an inventor, a mechanical genius, and a fixer of all things who held a patent on the Gibson Round Bale Feeder. He always had a project going or was helping others with their cattle, fencing, farming, and anything else that he knew needed doing. In David's honor, his family established this scholarship for a Park County student wishing to attend a vocational or trade school.

The scholarship will be awarded to one student per year, with that student receiving \$500.

- Thank you for providing this recommendation.
- We will use this information to select the recipient for the 2021 David Gibson Memorial Scholarship.
- Please deliver this recommendation to our office at 202 E. Callender Street in Livingston.
- We encourage you to deliver the letter directly to us so that the student does not see your letter, and therefore you can share your honest feedback.
- Please return this letter by midnight on Monday, May 3rd, 2021.
- If you have any questions, please contact Josh Viegut, Director of Finance, at 406-224-3920.

Applicant First & Last Name: _____

Your First & Last Name: _____

How do you know the applicant?
